LIONS
ART MAGAZINE

MODEL RELEASE & PUBLICATION CONSENT

1. MODEL CONSENT & AGE
I confirm that I am the person depicted in the series identified below and was at least 18 when the photographs were taken. I understand that the series may include the checked photography types, including artistic nudity where indicated. I voluntarily authorize the Photographer to submit this series to LIONS Art Magazine for the uses specified here.

2. PRINT & DIGITAL PUBLICATION
I authorize LIONS Art Magazine and its legal publisher to reproduce, publish, sell, display and distribute selected photographs worldwide in printed magazines, PDFs, e-books, reprints, back issues, digital archives and magazine compilations, through its own channels and publishing or distribution partners.

3. WEBSITE, MARKETING & ADVERTISING
I authorize selected images to be used on the LIONS website, editorial features, issue previews, covers, banners, newsletters, social media and paid advertising promoting LIONS Art Magazine and its publications. This does not authorize unrelated brand advertising or the sale of individual photographs as stock images.

4. EDITING, NAME & OTHER USES
Reasonable cropping, resizing, colour adjustment and layout changes are permitted without material misrepresentation. The approved stage name may be used for public credits; the legal name is for rights records. Standalone artist books or unrelated commercial products require separate permission.

5. TERM, PAYMENT & LEGAL RIGHTS
This authorization is worldwide and intended for ongoing lawful publication and archiving, without payment by LIONS unless separately agreed. Mandatory copyright, privacy, personality and data-protection rights remain unaffected. Legitimate objections will be reviewed; already distributed physical copies may not be recoverable.

6. PRIVACY & SIGNATURE
This signed release and contact details will be processed for rights verification and publication administration. The legal publisher must be identified and relevant privacy information supplied to the Model before signing. By signing, the Model confirms informed permission; the Photographer confirms the series identification and submission arrangements.
